There are 83 partial assistance with CDF, 153 partial assistance with TAF. Full assistance with CDF 1896 and full assistance with TAF 3440. Total CDF 1979, total TAF 3593. Hope this helps clarify. Have a great day!

Best regards,

Got your vm, but I think this may have only answered #1 below. Here's what I heard:

$3,440 + 1,896 + 83 + 153 + 200 = 5,772$  patients receiving full/partial assistance

525 on free, correct?

How many LIS?

Can you give me an update on the below? If you don't have them, I can reach out to David. Thanks!

Estimated # of Medicare Patients rcvg full/partial assistance by year-end

# of Free Product patients (525, correct? Are there any others beyond what we're expecting for the remainder of the year?)

Full LIS Patients

Thanks!
